

### Holy Trinity C of E Primary Academy Geography Long Term Plan

Geography in the EYFS			
	Development Matters 3 & 4-year-olds will be learning to:	Development Matters Children in Reception will be learning to:	Statutory Framework Early Learning Goals
<b>Understanding the World</b>	<ul style="list-style-type: none"> <li>Know that there are different countries in the world and talk about the differences they have experienced or seen in photos.</li> <li>Begin to understand the need to respect and care for the natural environment and all living things.</li> <li>Use all their senses in hands-on exploration of natural materials.</li> </ul>	<ul style="list-style-type: none"> <li>Draw information from a simple map.</li> <li>Understand that some places are special to members of their community.</li> <li>Recognise some similarities and differences between life in this country and life in other countries.</li> <li>Recognise some environments that are different to the one in which they live.</li> <li>Understand the effect of changing seasons on the natural world around them.</li> </ul>	<p><b>People Culture and Communities</b></p> <ul style="list-style-type: none"> <li>Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps.</li> <li>Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and – when appropriate – maps.</li> </ul> <p><b>The Natural World</b></p> <ul style="list-style-type: none"> <li>Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.</li> <li>Understand some important processes and changes in the natural world around them, including the seasons.</li> </ul>
<b>Maths</b>	<ul style="list-style-type: none"> <li>Understand position through words alone. For example, “The bag is under the table,” – with no pointing.</li> <li>Describe a familiar route.</li> <li>Discuss routes and locations, using words like ‘in front of’ and ‘behind’.</li> </ul>		
	<b>Autumn 1</b>	<b>Spring 1</b>	<b>Summer 1</b>
<b>Earls Hill 1</b> <b>Wrekin 1/2</b> <b>Caradoc 2</b> <b>Cycle A</b>	<p style="text-align: center;"><b>Where do I live?</b></p> <p>Geography skills and fieldwork; human geography, physical geography; locational and place knowledge.</p> <p><i>Name and locate the world's seven continents and five oceans; name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas; use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather; use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop; use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage; use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.</i></p>	<p style="text-align: center;"><b>Weather Patterns</b></p> <p>Weather and climate; physical geography; seasons.</p> <p><i>Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles; use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather.</i></p>	<p style="text-align: center;"><b>Let's Explore London</b></p> <p>Continents and countries; geography skills and fieldwork; locational and place knowledge; physical geography; human geography.</p> <p><i>Name and locate the world's seven continents and five oceans; name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas; identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles; use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather; use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop; use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage; use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map; use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key.</i></p>
<b>Earls Hill 1</b> <b>Wrekin 1/2</b> <b>Caradoc 2</b> <b>Cycle B</b>	<p style="text-align: center;"><b>Map Makers</b></p> <p>Geography skills and fieldwork; human geography; locational and place knowledge; physical geography.</p> <p><i>Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas; use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop; use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map; use aerial photographs and plan perspectives to recognise landmarks</i></p>	<p style="text-align: center;"><b>Around the World</b></p> <p>Continents and countries; geography skills and fieldwork; human geography; locational and place knowledge; physical geography.</p> <p><i>Name and locate the world's seven continents and five oceans; use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather; use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop; use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage.</i></p>	<p style="text-align: center;"><b>Seas and Coasts</b></p> <p>Rivers and coasts; geography skills and fieldwork; human geography; locational and place knowledge; physical geography.</p> <p><i>Name and locate the world's seven continents and five oceans; name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas; understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country; use basic geographical vocabulary to refer to key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather; use basic geographical vocabulary to refer to key human features, including:</i></p>

	and basic human and physical features; devise a simple map; and use and construct basic symbols in a key; use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.		city, town, village, factory, farm, house, office, port, harbour and shop; use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage; use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map; use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.
<b>Key Stage One ongoing Geography:</b>	Ongoing: Seasonal change and weather patterns recording daily. Note impact of flooding and any other natural disasters and discuss world weather events. Continents and oceans / United Kingdom: Locational knowledge of physical Geography of UK; Picture News assemblies weekly. Idea for microclimate study: Skills, techniques and resources <a href="https://www.rgs.org/schools/teaching-resources/microclimate/">https://www.rgs.org/schools/teaching-resources/microclimate/</a> <a href="https://www.rgs.org/schools/teaching-resources/weather-experiments/">https://www.rgs.org/schools/teaching-resources/weather-experiments/</a> Walk around the school ground (planned route for each class) to be completed once a term, taking photographs and evidence of ongoing changes.		
<b>Longmynd 3/4 Ercall 3/4 Hawkstone 3/4 Cycle A</b>	<b>Our European Neighbours</b> Continents and countries; geography skills and fieldwork; human geography; locational and place knowledge; physical geography. <i>Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America; describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i>	<b>Volcanos</b> Mountains, volcanos and earthquakes; geography skills and fieldwork; human geography; locational and place knowledge; physical geography. <i>Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night); understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i>	<b>Investigating Coasts</b> Rivers and coasts; geography skills and fieldwork; physical geography. <i>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i>
<b>Longmynd 3/4 Ercall 3/4 Hawkstone 3/4 Cycle B</b>	<b>Investigating our local area</b> Geography skills and fieldwork; human geography. <i>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water; use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world; use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.</i>	<b>Countries of the World</b> Continents and countries; geography skills and fieldwork; human geography; locational and place knowledge; physical geography. <i>Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i>	<b>Settlements</b> Geography skills and fieldwork; human geography. <i>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied; use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world.</i>
<b>Grinshill 5/6 Stiperstones 5/6 Haughmond 5/6 Cycle A</b>	<b>Investigating Rivers</b> Rivers and coasts; geography skills and fieldwork; physical geography. <i>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i>	<b>Exploring Scandinavia</b> Continents and countries; geography skills and fieldwork; human geography; locational and place knowledge; physical geography. <i>Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night); understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i>	<b>South America</b> Continents and countries; human geography; locational and place knowledge; physical geography. <i>Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night); describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.</i>

<p><b>Grinshill 5/6</b>  <b>Stiperstones 5/6</b>  <b>Haughmond 5/6</b>  <b>Cycle B</b></p>	<p><b>The United Kingdom</b></p> <p>Continents and countries; geography skills and fieldwork; physical geography.</p> <p><i>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i></p>	<p><b>Extreme Earth</b></p> <p>Biomes and climate zones; mountains, volcanoes and earthquakes; weather and climate; physical geography.</p> <p><i>Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night); describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i></p>	<p><b>North America</b></p> <p>Continents and countries; geography skills and fieldwork; locational and place knowledge; physical geography.</p> <p><i>Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities; identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night); understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America; describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle; use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</i></p>
<p><b>Key Stage Two ongoing Geography</b></p>	<p>Ongoing learning: Features of navigation, map reading through PE and Maths.  Countries and cities of the world: Locational knowledge of physical Geography; Picture News assemblies weekly.</p>
