

## For Parents:

We aim to be an inclusive school with a clear picture of children's needs and provision where children and staff are healthy and safe from harm.

We aim to develop parents as partners in children's learning by welcoming constructive feedback and opening the academy doors to enhance parent academy partnerships.

We aim to maintain and further improve standards throughout the academy by accelerating the progress made by all children, in all aspects of their learning.

We aim to further develop our Christian ethos through adopting and refining RE units of work that help children apply Christian values in real life contexts drawn from our locality.

We aim to enhance the teaching and learning provision within our academy through high quality inset and staff training.

## ACADEMY IMPROVEMENT PLAN 2018-2019

We will develop our pupil's abilities to ensure high quality writing

We will provide a wide range of extra-curricular learning opportunities and experiences

We will develop home learning projects for parents to enjoy with their children

We will place our Christian Values at the heart of a creative curriculum

We will continue to develop workshops and Inspire days with parents

We will continue to promote increased physical activity across the academy

We will continue to review and improve our child protection procedures and E-safety support

We will work with and support all parents and families to ensure that our school attendance is greater than 97%

We will improve our reading areas and resources to enable more access and reading enjoyment

We will refine marking and feedback with our pupils to ensure consolidation of learning

We will strive to further develop parents as partners in EYFS through technology and Inspire sessions

We will develop more consistent teaching strategies to engage more pupils in their learning

We will aim to work closely with other schools in the academy trust

We will further enhance our outdoor provision to provide greater learning opportunities
