

# Estimate it! #MathsEveryoneCanAtHome

Using different items to measure can help with our estimating and counting skills.

How many  
footsteps?

Can you estimate how  
long your street is?  
What unit of measure  
could you use?

How many  
car lengths?

Can you estimate how long your street is in metres?  
Draw a map or take a photo of your street and send  
us your estimations!
